CUESA is a nonprofit organization dedicated to growing thriving communities through the power and joy of local food. Our vision is to inspire a world that nourishes all people, local economies, and the living earth. CUESA is a cutting-edge force in influencing how people grow, produce, and eat food in the Bay Area and beyond.

Join us in our work to bring farmers and urban dwellers of all ages together to create a world where fresh, sustainably grown food is at the center of everyone’s plate, and family farming is viable for generations to come.

**WHY PARTNER WITH CUESA?**

**TEAM BUILDING**
Enjoy a curated experience for your team that builds community, supports retention, and supports wellness. Whether you are spreading fresh soil at a school garden, meeting local farmers in a market tour, or getting hands-on in a class, you will have a direct experience in the power and joy of local food.

**GET HANDS-ON WITH YOUR SUSTAINABILITY GOALS**
CUESA is at the center of the conversation about how we can work toward a healthy, just, and sustainable food system through education, advocacy, and action. Put your Corporate Social Responsibility goals in action with us. Getting hands-on with delicious, interactive experiences creates happier team members who are more invested in community.

**GIVE BACK TO YOUR COMMUNITY**
When you volunteer with CUESA, you get hands-on experience that engages all your senses in learning about and creating a healthier food system. Do you have a Week of Service or other volunteer initiatives? CUESA can coordinate volunteer activities for corporate groups of 10 to 20 people. Participants enjoy an experience that deepens understanding of sustainable food systems and it always ends with a delicious meal.

**WANT SOMETHING OUT OF THE BOX?**
We’re excited to work with you to create the customized experience your team needs. CUESA’s work and experience is broad and we look forward to conceptualizing a partnership that works for you.
**CUSTOM MARKET TOURS**

Ferry Plaza Farmers Market has been operated by CUESA at the San Francisco Ferry Building since 1993.

Join us for a customized tour of this world-renowned farmers market and its diverse offering of delicious, high-quality products from California’s cutting-edge sustainable growers, producers, and chefs.

**HANS-ON CLASSES**

CUESA offers a variety of culinary programs to connect you with local chefs, farmers, and food crafters, deepen your kitchen confidence and know-how, and build community around healthy, seasonal food.

Join us at the CUESA Kitchen in the Ferry Building for an in-market immersion or we can come to you at your company and host in your space.

**POP-UP FARMSTAND**

CUESA will provide all the components to create a self-contained farmstand experience that can be popped up and broken down in one day. Based on our experience crafting custom farmstand pop-ups for clients like Salesforce and Mini Cooper, we can bring the experience of the farmers market to you.

CUESA can curate a selection of 10 seasonal produce items that we’ll pack in individual tote bags. These can be a “best of the market” or “best of the season” selection or include custom recipes and all the ingredients for that night’s dinner!

**SCHOOL GARDEN CLEAN UP**

Groups of 10-20 help with maintenance or building projects at one of the San Francisco public high schools that participates in CUESA’s Foodwise Teens program. Current schools are located Treasure Island, in the Glen Park neighborhood, and in the Excelsior. Tour the gardens, visit the bees, then roll up your sleeves and grab a shovel to make the garden ready for the next semester of students.
